

# Call for Art: Songs + Sounds

We're putting together a soundtrack for the ACT Dis/Ability Conference + Festival with your Songs + Sounds! This is a great promotional and participation opportunity. Your audio could be played in full or as a clip during breaks, receptions, lead in's and lead out's for presenters, etc. The soundtrack and artists will also be

- listed in the event program;
- listed on the conference website and promoted on social media;
- added to a Soundcloud playlist for public access after the event; and
- receive one (1) free pass to one (1) day of the conference.

This Call is open to any person with a disability living in Ohio. You can be an individual artist or part of a group. There is no cost to participate.

The ACT Dis/Ability Conference + Festival is presented by VSA Ohio and Food for Good Thought, with many partners and supporters.
